NOTES:

1. Variations of data from Table E1.1 'Class Sizes in Semester 1 of 1998 in the Faculties (excluding Postgraduate Classes taught separately from Undergraduate Classes) arise because some classes are 'shared' among several departments which might not necessarily belong to the same Faculty. For example, FILM 1001 is shared among Departments of Modern European Languages and History and the Faculty of Asian Studies. In such cases, the class/unit and the number of students are attributed to each of these areas.

2. The Faculty of Asian Studies and the Law Faculty do not have their student enrolments reported by Academic Organisations.
